## INTRODUCTION

The elementary school years are years of rapid growth and development for children. It is imperative that each child experience and feel successful in their early school years. The academic and social skills formed during these years are foundational to a child's future school success. Daily support and cooperation are needed from both the home and school environments to ensure that a child reaches his/her full potential.

This handbook gives an overview of the daily operations of the McPherson Elementary Schools. Specific questions about school procedures or policies may be answered by your school office personnel. If you have questions about your child's daily educational program, please communicate with your child's teacher. The importance of establishing good communication between home and school is essential.

Children deserve the support and instruction that best meets their individual needs, and that can only be accomplished when families and schools work together. Thank you for becoming an active partner in your child's education!

(Pre-School has an additional handbook – please follow guidelines in that book.)

## MISSION STATEMENT FOR McPHERSON UNIFIED SCHOOL DISTRICT 418

The purpose of the McPherson Unified School District 418 is to assure that students will acquire basic academic and decision-making skills necessary to be productive, responsible citizens in a changing society. Students are challenged to achieve individual success, work to their fullest potential, and become lifelong learners. Our school will guide and assist students to identify and accomplish personal, academic and career goals.

To achieve the purpose of our schools, the following learning goals are established.

Students should:

- Demonstrate competency in the communication skills of reading, writing, listening and speaking.
- Demonstrate competency in basic math skills.
- Express knowledge and understanding of our country's history and the democratic process.
- Exhibit knowledge of basic concepts of humanities and fine arts.
- Utilize current technology and information resources.
- Apply logical thinking skills to evaluate information, solve problems and make decisions.
- Develop and practice personal skills needed for physical and emotional wellness.
- Develop parenting and family life skills.
- Cooperate with others, showing compassion and tolerance for individual differences.
- Practice commitment, dependability and responsibility.
- Demonstrate skills needed for success regarding further education and careers.

Maximum achievement of these goals requires a continued commitment from our community, patrons, parents, board of education, school administrators, staff and the students themselves. McPherson Unified School District 418 pledges its commitment to the achievement of these goals.

*Adopted by the Board of Education on April 24, 1989*

---

### PARENTAL RESPONSIBILITIES

For the maximum amount of learning to occur, it is extremely important that parents, guardians and teachers work together in a positive and supportive manner. You can help the school and your child in the following ways:

1. Make sure your child attends school on time every day.
2. Have your child get plenty of sleep; a healthy diet including a good breakfast; and clean, comfortable clothing.
3. Be sure your child's emotional needs are met to the best of your ability (love, security, affection).
4. Keep the school office informed of any address and telephone number changes at home or at parent's place of employment.
5. Support school-sponsored activities like parent-teacher conferences and open house.

### Problems or Questions?

Most often questions concerning the day-to-day operations of the schools are best answered by the teacher or principal at the school where your child attends.

It is recommended that problems or concerns first be taken to the teacher. If after discussing the issue with the teacher, the matter still has not been resolved, it should be taken to the principal. If after the issue has been discussed with the principal, the situation still has not been resolved, it should be taken to the superintendent, and finally, if not resolved, to the board of education.

### ACADEMIC HONESTY

Students are responsible for doing their own academic work. Any student caught cheating may be referred for disciplinary action.

### ACTIVITY PARTICIPATION OPT-OUT

McPherson Board of Education policies provide parents a provision to request that their child be excused from participating in activities for religious or sensitive reasons. Parents who believe either situation applies to their child should contact the school principal for detailed information about the procedures.

### ATTENDANCE

**If a student consistently misses more than 10% of the days school is in session in a month (period, semester, year), that student has an 80% less chance of attending any type of post secondary education with completion. In addition, they are twice as likely to not complete high school.**

Since regular attendance is important to a student's success in school, students need to be in school and attend on time daily. The school day begins at 8:05 am with the tardy bell ringing at that time. The school day ends at 3:06 pm.

Parents role regarding attendance:

- Inform the school office personnel of a student's absence within the first 30 minutes of each school day.
- Send a note explaining the absence on the day the student returns to school if unable to contact the school on the day of the absence,
- Notify the school if medical or dental appointments are scheduled during school time for that day.

Students are recorded as absent if:

- They are not present at school for any reason
- They miss more than 1½ hours of any morning or afternoon (this will be counted as absent for ½ day);
- They miss more than 4 hours (this will be recorded for a whole day) of any school day.

Teachers will inform students (and parents as necessary) of schoolwork that needs to be made up due to absences.

## ABSENCES

6<sup>th</sup> absence – parents may receive notification regarding attendance concerns

If your child's attendance is a concern, school staff and administration will contact parents or request parents come to school to discuss attendance. Previous attendance records may be considered and discussed when attendance concerns are addressed.

12<sup>th</sup> absence – parent notification that all subsequent absences must be verified by:

1. Doctor's note
2. A funeral brochure
3. Other verification approved by administration
4. Sent home by school staff

ALL OTHER ABSENCES NOT VERIFIED WILL BE CONSIDERED UNEXCUSED

### UNEXCUSED ABSENCES

Unexcused absences are absences that:

- Haven't been called in and the school doesn't know where the child is; or
- Absences that are past the threshold (12 absences) determined by the district and not verified as defined above.

\*DCF (formerly SRS), McPherson Police Dept. or the County Attorney will be notified if unexcused absences reach the following thresholds at any point in the school year.

1. Three (3) in a row
2. Five (5) in a semester
3. Seven (7) in a year

### UNEXCUSED ABSENCES

After six unexcused tardies in a semester, the parents/guardians will be notified. On the 7<sup>th</sup> and subsequent tardies, time will be served as follows:

1. K-2 students – 15 minutes
2. 3-5 students – 30 minutes

**If you have any questions regarding this policy, please contact the school office.**

### BICYCLE SAFETY

Since many kindergarten and first grade students have not reached the maturity level required to shoulder the responsibility for their own safety, only students in grades 2-5 are permitted to ride bicycles to school, unless accompanied by parent. Bicycle helmets should be worn.

Bicycles are to be parked AND LOCKED in the bicycle racks provided. Bicycles should be walked on the school grounds. Bicycle riders who do not obey all safety regulations will lose the privilege to ride a bicycle to school.

**ROLLERBLADES, SKATES,  
SCOOTERS AND SKATEBOARDS ARE NOT PERMITTED  
AT SCHOOL DURING REGULAR HOURS.**

**BREAKFAST AND LUNCH PROGRAMS**

A breakfast and lunch program will be maintained at each school for those students who wish to participate. Breakfast is served from 7:30–7:50 a.m. in all elementary schools.

Parents may have their child(ren) come home for lunch. Students may walk or bike home for lunch or be picked up at school by an adult. Students will not be released at noon, other than to go home for lunch, unless they are accompanied by an adult.

It is suggested that a meal account be established even if school meals are eaten only periodically. Students may purchase milk to accompany a sack lunch; soda pop is not permitted.

Free or reduced-price meals are available to students who qualify. Applications may be obtained from the building principal.

	Breakfast	Lunch	Milk
Student.....	\$1.80	\$2.65	\$0.30
Student reduced .....	0.30	0.40	0.30
Adult .....	2.30	3.45	0.30

**BULLYING – Policy JDDC**

**USD 418 ANTI-BULLYING GUIDELINES**

Current Policy: Bullying by Students, Staff & Parents

The board of education prohibits bullying in any form either by any student, staff member, or parent towards a student or by a student, staff member, or parent towards a staff member on or while using school property, in a school vehicle or at a school sponsored activity or event. For the purposes of this policy, the term “bullying” shall have the meaning ascribed to it in Kansas law. The administration shall propose, and the board shall review and approve a plan to address bullying as prohibited herein. The plan shall include provisions for the training and education of staff members. Staff members who bully others in violation of this policy may be subject to disciplinary action, up to and including suspension and/or termination. If appropriate, staff members who violate the bullying prohibition shall be reported to local law enforcement.

(Approved 3/10/14)

**What is Bullying?**

According to Kansas statute 72-8256 bullying is defined as:

- (1) Intentional, negative actions intended to harm another person (i.e., aggression)
- (2) Severe, persistent or pervasive acts

Experts also suggest that bullying involves an existing power differential between those who bully and those who are victimized. Administration and/or staff will consider an act of bullying in violation of district policy if it has any affect on the school day. Administration will act upon any acts of bullying that occur on school grounds, at any school-sponsored activity or event (on or off campus), on school-associated transportation, or through school-owned technology.

Kansas statute 72-8256

#### Forms of bullying behavior:

- (1) Physical bullying – Hitting, pushing, tackling, tripping, poking, tugging, or tearing at clothes.
- (2) Verbal bullying – Calling of names, making verbal threats of physical acts (whether or not they are carried out)
- (3) Attacks on property – Writing on lockers, taking objects to keep or display publically, destruction of property
- (4) Social or relational bullying – Ostracism, social exclusion, gossip/"trash talking"/rumor spreading, nonverbal gestures such as eye rolling, directed laughter, mimicking
- (5) Cyberbullying – Bullying by use of any electronic communication device through means including, but not limited to, e-mail, instant messaging, text messages, blogs, mobile phones, pagers, online games and websites (i.e., circulating electronic images or videos, insulting text messages, harassment through online games, harassment through social media).

#### Reporting & Investigating Bullying

Students, families, and staff should report incidents of bullying to the Guidance office or Principal's office. Students may first report a bullying incident to a teacher who will then either report the incident to one of these offices or help the student report the incident. Staff will use the attached reporting form to aid in tracking incidences of bullying. These forms will be kept in the principal's office. A staff member from the Principal's office or Guidance office has responsibility to investigate reported incidences of bullying. Upon completion of the investigation, administration will take action regarding the reported bullying incident. However, they are not at liberty to share the outcome or disciplinary action with the affected party. The Kansas State Department of Education, in partnership with Kansas Children's Service League has provided a 24-hour hotline as an additional resource. You can reach the hotline by calling 1-800-332-6378 or emailing [1800children@kscl.org](mailto:1800children@kscl.org).

#### Disciplinary Procedures

Each building will follow its current disciplinary progression (i.e. MTSS Behavior structure, increase in severity of discipline, recording in PowerSchool, use of positive behavior supports)

#### Curriculum Resources

- (1) 8 Keys of Excellence
- (2) Second Step
- (3) Second Step Bullying Module
- (4) Steps to Respect

#### Bullying Awareness

- (1) Directors and Coordinators will train new staff in recognizing bullying, understanding participant roles, understanding who is at risk for bullying, where bullying takes place, consequences of bullying for both the bully and victim, and how to react to bullying..
- (2) Directors and Coordinators will provide a staff refresher program every 3-5 years.
- (3) Principals and/or Counselors will review the policy and plan yearly with staff.
- (4) Principals and Directors will include the policy and plan in staff and student handbooks.
- (5) The district will post the policy and plan on the district website.

## BUS REGULATIONS

Only regularly scheduled bus students are to ride the school buses unless prior arrangements have been made with the bus transportation department (241-6830). Students who come to school on the bus should return home on the bus unless they have a note from their parents to do otherwise. Bus students are to go to the buses immediately after they are dismissed from school.

Riding the bus is a privilege; improper conduct on the bus may result in that privilege being denied.

## CELL PHONES

If a student brings a cell phone to school, he/she needs to leave it turned off and in his/her backpack. Any unauthorized use of a cell phone during the school day will result in the cell phone being confiscated; given back to the parent with a warning and the student will receive the appropriate discipline.

## CHANGE OF ADDRESS OR TELEPHONE NUMBER

In order for the school to handle emergencies, maintain communication, and keep records current, please notify the school office of any changes in the following information: address, telephone number, place of employment, legal/custody paperwork, babysitter, or emergency telephone number.

This may be done in any of the following ways:

- Log onto your [Powerschool Parent Portal](http://ps.mcpherson.com) by going to [ps.mcpherson.com](http://ps.mcpherson.com) and enter your username and password. Click "Demographic Change" to make changes to your student's information. To make changes to contact information for Power Announcement, please click on "Power Announcement".
- Send a note marked "To the Office" indicating the changes needing to be made.
- Call the school office to report the changes that need to be made.

## CHECKING IN AND OUT AT THE OFFICE

All visitors must report to the school office before visiting a classroom or picking up a student from school. Parents needing to take a child out of school during regular school hours must check the child out at the office. Teachers are not to dismiss any child from school before dismissal without communication from the office. No student will be released from school, except to a parent, guardian, or designee. Students will not be released to a designee without prior notification from parents. This procedure helps to ensure that students are accounted for at all times. Please provide court-ordered custodial documents as applicable for individual students.

Parents are urged to leave their children in school all day. To allow for smooth dismissals, please do not pick your child up before dismissal. Doctor or other appointments should be scheduled outside of school hours whenever possible.

## CLASSROOM PARTIES

In order to maximize instructional time, gifts (flowers, balloons, candy, etc.) from family and friends delivered to the school will not be accepted. This applies to birthdays and major holidays such as Valentine's Day.

Each school celebrates various holidays with classroom parties. These parties are planned by room parents and/or the classroom teachers, and are scheduled at the end of the school day. Students may be excused from these parties because of religious beliefs.

Additionally, students' birthdays may be observed during the school day. Students may either distribute treats (healthy treats are encouraged) or present the class or school with a more lasting gift, such as a book. Students are not permitted to pass out private party invitations unless they have invitations for each student in their class. Students are also not allowed to hold private name exchanges at school.

## CONDUCT/EXPECTATIONS

School is a place for learning. School and home have a shared responsibility in developing self-disciplined children that behave in a manner that respects the rights of others to learn in a safe and productive environment. Each student is responsible for respecting the authority of all staff members, exhibiting behavior that does not interfere with the rights of others, following established school wide and classroom rules and procedures, and engaging in the act of learning. Understanding that individual classrooms and buildings communicate more specific rules and procedures, below are district behavior expectations:

### DISTRICT EXPECTATIONS

- Be Respectful
- Be Responsible
- Be Safe

## EIGHT KEYS OF EXCELLENCE

**INTEGRITY** – Match behavior with values

(Demonstrate your positive personal values in all you do and say. Be sincere and real.)

**FAILURE LEADS TO SUCCESS** – Learn from mistakes

(View failures as feedback that provides you with the information you need to learn, grow and succeed.)

**SPEAK WITH GOOD PURPOSE** – Speak honestly and kindly

(Think before you speak. Make sure your intention is positive and your words are sincere.)

**THIS IS IT** – Make the most of every moment.

(Focus your attention on the present moment. Keep a positive attitude.)

**COMMITMENT** – Make your dreams happen.

(Take positive action. Follow your vision without wavering.)

**OWNERSHIP** – Take responsibility for actions

(Be responsible for your thoughts, feelings, words and actions. "Own" the choices you make.)

**FLEXIBILITY** – Be willing to do things differently

(Recognize what's not working and be willing to change what you're doing to achieve your goal.)

**BALANCE** – Live your best life

(Be mindful of self and others while focusing on what's meaningful and important in your life. Inner happiness and fulfillment come when your mind, body and emotions are nurtured by the choices you make.)

#### Student Expectations in the Building:

- Follow directions of all school personnel.
- Be respectful of others.
  - No swearing or vulgar language
  - No cruel teasing, rude gestures or put-downs
  - Bullying and harassment will not be tolerated.
- The use or possession of tobacco, including electronic cigarettes, alcohol, and drugs is not permitted and will be reported to law enforcement.

#### Student Expectations in the Classroom:

- Follow teacher directions.
- Be ready to learn.
- Be respectful of others.
- Allow other students to learn.

#### Student Expectations in the Lunchroom:

- Follow directions of all school personnel.
- Use appropriate table manners, keeping hands and feet to yourself.

#### Student Expectations on the Playground:

- Follow directions of all school personnel.
- Stay on the school grounds at all times during the school day.
- Keep hands, feet, and objects to yourself at all times.
- Follow specific school playground / sports equipment rules.
- Dress appropriately for the weather.
- Follow specific safety rules when the playground is wet from rain, ice, or snow.

#### Student Expectations for Handling Conflict:

- Students may disagree with one another.
- Discuss problems with appropriate language and voice tone.
- Keep hands, feet, and objects to yourself at all times.
- Any hitting, wrestling, pushing/shoving, biting, or spitting is considered fighting.
- Fighting is unacceptable and when exhibited, consequences will be given.
- Violent acts toward students or staff will be reported to law enforcement.

### COUNSELING PROGRAM SERVICES

Elementary counselors/social workers provide the following services: classroom guidance lessons; working with individual referrals from students, parents and staff; counseling students in small groups; consulting with parents, teachers, principals, other professional staff, and community resource agencies; and assisting principals with student placement. Emphasis is placed on the development of the whole child.

### DRESS

In recognition of the school as a place for teaching and learning, student dress must be conducive to establishing a positive and productive learning environment. Students are discouraged from dressing in a manner that may be distracting or disruptive to normal school or classroom operations. Students are expected to consider the weather as well as the types of learning activities they will participate in that day.

#### Dress Code Guidelines:

- Tank tops that are loose, showing too much skin, must be worn over or under another shirt. Spaghetti strap tops are also not to be worn unless over or under another shirt.
- No shirt or blouse may be worn which allows exposed midriffs.
- Clothing advertising alcohol, tobacco or other illegal products will not be permitted.
- Clothing with disruptive or suggestive words or designs will not be allowed.
- Shorts, skirts and dresses should adequately cover the buttocks and upper thighs.
- Halter tops and mesh shirts may not be worn.
- Students are required to wear footwear for health reasons.
- Hats and bandanas are not to be worn in the building, unless previously approved by the administration.
- Pants and shorts must be worn fastened at the natural waistline.

Fashions change frequently and so it is impossible to cover all clothing items that might not be acceptable for school. Final authority for interpretation of the dress code rests with the building principals.

#### DRUGS AND ALCOHOL

Student consumption and/or possession of any alcoholic beverage, any form of tobacco, including electronic cigarettes, or other controlled substance in or near the school premises, or at a school-sponsored activity is prohibited. Use of these substances by students is illegal and is generally believed to pose significant health risks for children. Should school personnel have knowledge of violations of this policy, law enforcement personnel will be notified.

#### EMERGENCY CLOSINGS

The school district is currently utilizing a phone system (Power Announcement) which calls parents to inform them of school closings or emergencies. The system will also send email alerts and/or text messages. The contact information is provided from each school's database. Consequently it is essential that parents update their information to their child's school when changes occur to their address, home and cellular phone numbers and additional contact information.

**When there is an emergency or weather-related closing in the school district, announcements via Power Announcement will be made as soon as possible. Information about school cancellations may be found on the district website, Channel 20 and on the following radio and television stations:**

KBBE 96.7 FM  
KNGL 1540 AM  
KAKE Channel 10 TV  
KSN Channel 3 TV

When a tornado or other severe weather is threatening, students **will not be dismissed** until the all clear is issued by emergency management or a central office administrator.

## Emergency Safety Interventions (Board Policy GAAF)

The board of education is committed to limiting the use of Emergency Safety Interventions ("ESI"), such as seclusion and restraint, with all students. Seclusion and restraint shall be used only when a student's conduct necessitates the use of an emergency safety intervention as defined below. The board of education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies. This policy shall be made available on the district website with links to the policy available on any individual school pages. In addition, this policy shall be included in at least one of the following: each school's code of conduct, school safety plan, or student handbook.

Definitions (See K.A.R. 91-42-1) "Emergency Safety Intervention" is the use of seclusion or physical restraint when a student presents an immediate danger to self or others. Violent action that is destructive of property may necessitate the use of an emergency safety intervention.

"Seclusion" requires all three of the following conditions to be met: (1) the student is placed in an enclosed area by school personnel; (2) the student is purposefully isolated from adults and peers; and (3) the student is prevented from leaving, or reasonably believes that the student will be prevented from leaving, the enclosed area.

"Chemical Restraint" means the use of medication to control a student's violent physical behavior or restrict a student's freedom of movement.

"Mechanical Restraint" means any device or object used to limit a student's movement.

"Physical Restraint" means bodily force used to substantially limit a student's movement.

"Physical Escort" means the temporary touching or holding the hand, wrist, arm, shoulder, or back of a student who is acting out for the purpose of inducing the student to walk to a safe location.

"Time-out" means a behavioral intervention in which a student is temporarily removed from a learning activity without being confined.

## Prohibited Types of Restraint

All staff members are prohibited from engaging in the following actions with all students:

Using face-down (prone) physical restraint;

Using face-up (supine) physical restraint;

Using physical restraint that obstructs the student's airway;

Using physical restraint that impacts a student's primary mode of communication;

Using chemical restraint, except as prescribed by a licensed healthcare professional for treatment of a medical or psychiatric condition; and

Use of mechanical restraint, except:

- Protective or stabilizing devices required by law or used in accordance with an order from a licensed healthcare professional;
- Any device used by law enforcement officers to carry out law enforcement duties; or
- Seatbelts and other safety equipment used to secure students during transportation.

## Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on the use of emergency safety interventions. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain documentation regarding the training that was provided and a list of participants.

#### Notification and Documentation

The principal or designee shall provide written notification to the student's parents any time that ESI is used with a student. Such notification must be provided within two (2) school days.

In addition, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- \*Date and time of the intervention,
- \*Length of time the intervention was used, and
- \*School personnel who participated in or supervised the intervention.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

#### Reporting Data

District administration shall report ESI data to the state department of education as required.

#### Local Dispute Resolution Process

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent. Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings and recommended action to the board in executive session. Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education.

Approved: USD 418 BOE - 12/13

## FIELD TRIPS

Teachers will notify parents of upcoming field trips in advance. Parental permission for student participation is obtained at enrollment with the completion of the student information/medical authorization card.

## HAZING-BOE POLICY-JDAB

The purpose of this policy is to maintain a safe, positive environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the district and are prohibited at all times. For purposes of this policy, hazing is defined as any activity that recklessly, intentionally, or unintentionally endangers the mental health, physical health or safety of a student for the purpose of initiation or member in or affiliation with any organization or activity recognized by the board. The school district does not condone any form of initiation or harassment, known as hazing, as part of any school-sponsored student activity. No student, district employee, coach, sponsor, or volunteer shall plan, direct, encourage, assist or engage in any hazing activity. The board encourages students who believe they have been subjected to hazing to report promptly such incidents to the building principal or staff person. Any staff person receiving such reports shall communicate the information to the building principal. Administrators will investigate all complaints of hazing and will assign appropriate discipline to any individual who violates this policy. The district shall annually inform students, parents, coaches, sponsors, and district employees that hazing of district students is prohibited.

## HEALTH

A student will be sent home when (s)he has a temperature of 100 degrees or over, or a temperature above 99.6 degrees along with a headache, nausea, cough and/or sneezing which may indicate the onset of an infectious disease or other illness that requires observation at home. Children should be kept home **24 hours** after the fever has broken.

Any student affected with a disease or condition (e.g. head lice) suspected of being infectious or contagious will be excluded from school until the disease or condition is no longer a health threat to others.

In the event a student is absent from regular classes for more than three (3) consecutive days, the principal shall determine whether a release shall be obtained from the student's physician before (s)he reenters school.

All students ages eight and under shall submit evidence that they have undergone an appropriate health assessment prior to entering preschool, kindergarten or before enrolling in the district for the first time.

## HOMEWORK GUIDELINES

Homework is an extension or completion of classroom activities assigned by the teacher that is to be completed outside of the school day. Homework should serve a sound educational purpose; it should not be punishment or busywork. The intent of homework is to enlarge, extend, or reinforce the student's knowledge and understanding of the concept. Teachers are expected to develop and communicate to students and parents their homework policy.

## IMMUNIZATIONS

Kansas law requires that students entering a Kansas school must present current evidence of immunization. Students who have not completed the required inoculations may enroll or remain enrolled while completing the required inoculations. Students may also enroll if the pupil is transferring into this district and who are awaiting transfer of records or have a written medical or religious exemption.

All students ages eight and under must also provide documentation that they have had an appropriate health assessment prior to entering preschool, kindergarten or before enrolling in a Kansas school for the first time.

## KANSAS SCHOOL SAFETY HOTLINE

The Kansas Legislature established a statewide school safety hotline that will be staffed by the Kansas Highway Patrol. The purpose of the hotline is to give students an opportunity to report "impending school violence." The toll-free Kansas School Safety Hotline number is 1-877-626-8203

## MEDICATION

When medication is necessary in order that the student remain in school, a "Permission to Medicate" form signed by the family physician must accompany the medication or treatment to be administered by school personnel. All medications, including prescribed and over-the-counter (e.g. aspirin, cough drops) are to be brought to school office in the original container, so that the "Permission to Medicate" procedures can be followed.

## PARENT/FAMILY - TEACHER CONFERENCES - (Reporting Student Progress)

Conferences and progress reporting are crucial because students, teachers and parents have mutual responsibility for student learning. Open communication between home and school helps achieve cooperative action and understanding that maximizes the child's growth and development.

The custodial parent(s) will be given the opportunity to schedule parent-teacher conferences in advance, and should notify the noncustodial parent(s) of the conference dates.

Parents are expected to attend conferences scheduled by our professional staff. Additional conferences may be requested as deemed necessary.

## PEDESTRIAN SAFETY

The safety of your child is one of our major concerns. Your cooperation is needed to build good safety habits. Your child is urged to: walk on sidewalks; cross only at marked crossings when traffic is clear of the intersection, and, if possible, where crossing guards and/or traffic lights are located; never enter an automobile driven by a stranger; and travel directly to and from school along predetermined walkways. Crossing guards are on duty before school and after school.

## PERSONAL BELONGINGS

Students are responsible for personal belongings. All wearing apparel, school supplies, and lunch boxes should be labeled with the student's name and grade level. Information regarding lost and found articles may be obtained from the school office.

If money or valuables are brought to school, students must assume responsibility for such items. Students are cautioned not to leave money or other valuable objects in unprotected areas, such as a student locker. Each student is responsible for keeping his/her assigned locker area neat and clean.

A child's personal toys, dolls, balls, radio/CD players, electronic games and other objects cannot be brought to school unless used for sharing time or other educational purposes. The school is not responsible for lost or broken articles.

## PETS

Pets may be brought for sharing when accompanied by the student's parent or guardian. Arrangements must be made in advance, and pet vaccinations must be current. Other animals brought to school for educational purposes must be kept in cages. When picking up children from school, please do not bring the family pet.

## PHYSICAL EDUCATION PARTICIPATION

Students may keep a pair of gym shoes at school when they are required to be worn for physical education classes.

A parental note or note from your doctor is needed when a student is not to participate in P.E. A doctor's excuse may be required if a student is to be excused from P.E. activities for over five (5) days.

## PROOF OF IDENTITY

Whenever a child enrolls in school for the first time, the district is required to secure proof of identity of the child. The proof of identity for students may include, but not limited to, such items as the student's birth certificate, a copy of a court order placing the student in the custody of the Kansas Department for Children and Families (formerly Social and Rehabilitation Services), a certified transcript of the student, a baptismal certificate, or other documentary evidence that the board considers satisfactory.

If the identity of the student is not proven by documentary evidence within 30 days, the enrolling officer shall notify the local law enforcement agency as required by law.

## HARASSMENT

Any student who believes he or she has been subjected to harassment based on race, sex, gender, religion or disability, or has witnessed an act of alleged harassment, should discuss the alleged harassment with the building principal, another administrator, a guidance counselor, or another certified staff member. Any school employee who receives a complaint of harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district compliance coordinator. The building principal shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure.

## RECESS

Children enjoy recess time during the day. All students are expected to go outside during recess. If it is unusually wet or cold (a temperature including wind chill of 15 degrees or below), recess will be shortened or located inside. A note from your doctor or a daily parental note is required when your child needs to stay inside because of health reasons.

## REPORTING STUDENT PROGRESS

A variety of reporting methods are utilized, including the following: parent-teacher or family-teacher conferences, other conferences between parents and our professional staff, progress reports issued at the end of each reporting period, and students' results from the state and district assessments.

## SCHOOL DAY

8:05 a.m. Elementary school begins  
3:06 p.m. Elementary school dismissal

Unless students are coming for breakfast they should not arrive prior to 8:00 a.m. This is for the general welfare of the students, since teachers are busy preparing for the school day.

Parents will be notified when a student is required to remain after school for more than ten minutes with school personnel. Otherwise, students must leave the school building and grounds immediately after dismissal. This is to ensure student safety since there is no after school supervision on the playground. Students are permitted to return and use the playground as a public facility 30 minutes after dismissal.

Schools will send a note or newsletter home whenever the regular beginning or dismissal time for a school day will be changed. Parents should consult the school calendar for holidays, teacher workdays, professional development days and collaborative teacher workdays.

## SCHOOL NURSE SERVICES

Through its health services, the school attempts to assess the health status of students and staff, to counsel students and parents, to help prevent and control disease, and to provide basic first aid care for injuries or sudden illness.

Vision and hearing are tested annually in kindergarten through third and in fifth, seventh, ninth, and eleventh grades.

The school nurses are shared between district buildings.

## SCHOOL PICTURES

Each elementary school has scheduled a picture day in the fall. Students have the opportunity to purchase individual pictures by paying in advance. Each schools' Parent-Teacher Organization coordinates picture day and utilizes the profits for various school projects.

## SEXUAL HARASSMENT

McPherson USD 418 policy states, "District employees shall not sexually harass, or permit sexual harassment of a student by a district employee, student, nonemployee, or nonstudent. Neither shall a student sexually harass another student or students."

Students who believe they have been subjected to sexual harassment, or parents who have a similar concern for their child, should discuss the problem with the principal, counselor or another certified staff member. Initiation of a sexual harassment complaint will not cause any adverse reflection on the student. The initiation of a student's complaint shall not adversely affect the status of any employee or student until a finding of fact determines that improper conduct occurred. Strict confidentiality shall be maintained through the complaint procedure. For more information concerning sexual harassment, please contact the building principal or counselor.

## SPECIAL EDUCATION SERVICES

The McPherson County Special Education Cooperative provides the following special education services: audio logical evaluations, physical therapy, gifted, behavioral, health, psychological, hearing and vision impaired, learning disabilities, intellectual disability, speech/language, preschool and early prevention.

## STUDENT ASSISTANCE TEAM

The Student Assistance Team process allows each school to focus on assistance for students who are experiencing academic needs or behavioral difficulties. The process may be initiated by a parent or a teacher. Requests to initiate a team meeting may be made to the classroom teacher or the school principal. Parents may expect to be involved in the process.

Membership of the team varies but may include the parent, classroom teacher, principal, counselor/social worker and other professionals who have expertise or knowledge that might assist the student.

## STUDENT INFORMATION

The USD 418 Board of Education designates the following student information categories to become public records unless a written notice is given to the building principal by the Tuesday following Labor Day, indicating that any or all information shall not be released: student's name, address, telephone number, parent or guardian, date and place of birth, participation in officially recognized school activities, date of attendance or grade placement, the most recent educational agency or institution attended by the student, honors and awards received, student publications, weight and height.

Practices followed in McPherson USD 418 allow for certain student record information to be released for publication. These practices include the publication of student names with their favorable accomplishments, such as honor rolls and awards. If a parent does not wish to have their child's name and record information published in such reference, the parent(s) must provide that written request to the school principal by the Tuesday following Labor Day.

## STUDENT RECORDS

All student records are available for inspection by the parent or legal guardian of the student upon request.

## SUSPENSION OR EXPULSION (REASONS FOR)

A student may be suspended or expelled, for reasons set forth by Kansas law, by the following personnel: superintendent, assistant superintendent, principal, assistant principal or director. Students may be suspended or expelled for one or more of the following reasons:

- Willful violation of any published, adopted student conduct regulation;
- Conduct which substantially disrupts, impedes, or interferes with school operation;
- Conduct which endangers the safety or substantially impinges on or invades the rights of others;
- Conduct which constitutes the commission of a felony;
- Conduct which constitutes commission of a misdemeanor;
- Disobedience of an order of a teacher, peace officer, security officer or other school authority if the disobedience results in disorder, disruption or interference with school operation; and/or
- Possession of a weapon at school, on school property or at a school sponsored event.

Suspension may be in-school or out-of-school. Suspension in-school is the isolation of students from social interaction and participation in school activities. In-school suspension is a permissible alternative to handle some student infractions. Principals may utilize in-school suspension as a deterrent to inappropriate behavior.

## TECHNOLOGY

Use of technology equipment by students is a privilege, not a right. Privileges may be suspended for vandalism or unacceptable use.

## TELEPHONE USE

The school office phone is for school business or emergency use only. Students must have permission from their teachers before going to the office to use the phone. Parents are asked to give their children any special instructions for the day before the children leave home for school. Students cannot be called to the telephone during school hours. However, in an emergency, messages may be given to students.

## TEXTBOOKS AND LIBRARY BOOKS

Parents may either rent or purchase textbooks for their children. Rental textbooks will be issued to students at the beginning of the school year and must be checked in at the end of the school year. Students who qualify for free breakfast/lunch also qualify for free textbooks. Addresses of textbook publishers may be obtained from the school office.

Textbooks and library books are to be kept clean and handled carefully. A replacement fee will be charged for abuse, misuse, or lost books.

## VISITORS AT SCHOOL

Parents are welcome to visit classrooms or eat lunch with their child. **Please check into the office and receive a visitor badge.** The suggested time length for classroom visits is **30 minutes or less.** In order to protect the educational programs from undue disturbance, visitors are requested to make visitation arrangements in advance through the school office. Children visiting must be accompanied by an adult. Parents are encouraged to take care of personal business with their children outside of the school day. For student safety, all visitors must check in the office upon entering the building.

## WEAPONS

Students shall not possess, handle or transmit any object that can reasonably be considered a weapon on the school grounds or off the school grounds at a school activity function or event. This includes any weapon, any item being used as a weapon or destructive device, or any facsimile of a weapon. Possession of a firearm shall result in expulsion from school for a period of one year.

## WITHDRAWALS AND TRANSFERS

A family changing its place of residence outside of their elementary school attendance area should contact their school office in advance for the proper withdrawal procedure. If the transfer is within USD 418, the student's records will be transferred from his/her present school to the receiving school. Parents may request that their child remain in the same school until the end of the school year.

When leaving the school district, it will be necessary to obtain the student's progress report on the last day of attendance. Parents should contact the school office in advance of a student's withdrawal. Upon request, the district discloses education records, without consent, to officials of another school district in which a student seeks or intends to enroll.

Any student leaving USD 418 prior to the last nine weeks of the school year is entitled to a prorated refund of any paid textbook rental fee.

### NONDISCRIMINATION STATEMENT

McPherson USD 418 schools do not discriminate on the basis of race, color, national origin, sex, age or handicap in admission or access to, or treatment or employment in its programs and activities. Anyone having questions regarding the above should contact Dr. Randy Watson, 514 North Main, McPherson, Kansas, (241-9400), or your child's elementary
